

Boise ATV Trail Riders Club Meeting

Theme/Topic for this month(s): Cold Weather Riding

8:30 to 9:00 pm – **Experts Edge Clinic** – Basic First Aid situations out on the trail and how to deal with them. Hosted by Bill Jones. *(After the meeting.)*

Come brush up your skills with Bill Jones (retired police, ski patrol and search and rescue) for a review of first aid issues we might encounter on the trails from ATV crashes, rolls and exposure. Topics to include, concussions, fractured legs/arms, dealing with shock, prepping for transport, head injuries. We find a lot of people misdiagnose and/or treated these problems incorrectly. Let's do a review of some basics to keep our members safer and insure the injured will ride another day!
