Boise Chapter Ride Leader - Don Stockton

SINKER CREEK

June 10-12 There were about twenty people who went on the Sinker Creek ride and trail clean-up in the Owyhees. The riders were divided into two groups. Don Stockton, the Ride Coordinator, took one group on a more difficult trail and worked the back end of Sinker Creek. Willie Spiva led the rest of the group down through the easier part of Sinker Creek. This particular group crossed Sinker Creek about forty times. Those in the front,

seemed to have all the fun trimming the bushes back by just sitting on their ATVs! What was missed was trimmed by the next person! The two groups met in the middle of the trail and had lunch. It started to rain and the majority of the riders headed back to their vehicles. The others ventured on up towards Silver City. As you can tell by the

photographs, the wet spring and summer certainly has helped the vegetation to grow. It was absolutely beautiful—green and lush! You would think you were in Hawaii rather than the Owyhees!!!!
