Ride Leaders— Kim Chournos & Carl Bloomquist

Pilot Peak Lookout overlooking the valley—nice panoramic, Kim!

PILOT PEAK / IDAHO CITY—Saturday, August 6. Twenty-two riders rode 45 miles in the mountains around Idaho City. We started from Granite Creek parking lot and headed up Bear Run to Pilot Peak where we ate lunch. From there, Kim led us over the ATV trail to Wilson Peak and we took the steep and rocky route to the Miner's Grave. The Deer Creek road was much better. We rode into Idaho City and then took Bear Run back to our vehicles. In spite of the heat and dust, everyone had a great time. Note: We will have a Crash Trophy presentation at the August meeting. Hummmm, now who gets it this time?

LUNCH TIME—one-quarter of the “Dirty Plus Dozen”! What a look? Either they are tired, hungry or just want to look tough!???

Break time on the way to Pilot Peak!
