

Ride Journal - July 7-9 2006 - Kirkham Trails Clean-up

Boise Chapter Ride Leader - Carl Bloomquist

Trees and more trees! Over 50 trees were removed from the Kirkham Trails System by the members of the Emmett, Mtn Home and Boise Chapters. Thanks to everyone who helped clear the trails for all to use.

Three members repaired a bridge that had dropped in the middle from all the spring run-off and debris. They also re-nailed the side rails. Good thing it was a hot day, they had to get wet to fix the bridge!!!!
