## Kirkham Ridge Trail Maintenance - June 22 and 23, 2007- Boise Chapter

**Ride Leader:** Carl Bloomquist

**Story & Photos:** Haden Claiborne

We had another very successful clean-up project on the Kirkham Ridge trail system again this year. On

Looks like a tree to me!

### Moving Granite

Friday morning, we headed out bright and early. Bill Jones took one group north to ride from Clear Cr. to the Miller Mountain trail, while Ray and Carl took another group up Lick Creek and started cutting brush on the Kirkham Trail in the burned area. We worked until about 2:00 pm when it got too hot to continue. Some more volunteers were waiting for us when we got back to camp and a few more came up Saturday morning.

A piece of Leverite on the trail.

Bob & Pete tackle the big one!
