

Ride Journal

Crouch/Boiling Springs - Boise Chapter - May 25, 2008

Ride Leader: **Darrel McCracken & Doug Mason**

Photos & Story: **Darrel McCracken**

Darrel McCracken and Doug Mason conducted a club ride for 23 ATVs and 24 people on the forest roads and trails north of Crouch. We traveled through the forest for 6 hours and 33 minutes, covering 63.8 statute miles and peaking out at 5,300 foot elevation—had hoped to get to 6,200 feet. Some snow drifts were encountered and finally turned us back on roads 670 and 600. Trail 605 was passable with some heavy brush and downed trees. All returned safely to the tow vehicles with no mishaps. We were able to put some scratches on Willie's new Yamaha 700 on Trail 605. Willie's new red ATV =====>

And, yes, there was still some snow.

Lining up for the last 20 miles!

Lunch time =====>

No. 1 head honcho, Doug Mason!
