Ride Leader: Carl Bloomquist

Story: Carl Bloomquist & Haden Claiborne

This ride was definitely eventful. We started out from the football field in Idaho City with 30 ATVs and one side-by-side and headed up Elk Creek to Miner's Grave. Unfortunately, we found snow sooner than we expected and after fighting through the drifts for a while, we had to turn back. Not before Carl buried his Grizzly in the snow however.

We took the Lager Beer Gulch trail for a little excitement, then back down Bear Run to town. We headed up Deer Creek this time, hoping to reach the Miner's grave from the other side. But, before we could get there, we had a major miscommunication among the riders and got some people lost.

Once we got everyone rounded back up, we headed back into town and loaded up. It was a good day for a ride, the weather was perfect and we covered about 50 miles.
